7D Mrs. Coggins	English Period 6 Maths	Period 3 SOSE Science	Maths English Language	Period 2 PE English	Language SOSE Period 7

- Year 7 students should spend 45 minutes on homework each night. Each subject should have approximately 15 minutes allocated.
- Home Group teachers may vary the subjects set so as to cater for different learning needs.
- Assignments may be set over a period of time. For example, a week or two week cycle.
- Diaries are to be used by **ALL** students to record specific details of all set work. First class can also be used as a planner and to record work.
- Subject teachers, House Mentors and parents need to check diaries regularly to ensure appropriate use and thus help students to develop their time management and other organizational skills.
- It is the subject teachers who need to see to it that students are complying with this expectation.
