Note: (EMS)* refers to the English, Maths and Science teacher for that roll class

- Year 8 students should spend 60 minutes on homework each night. Each subject should have 20 minutes allocated.
- Assignments may be set over a period of time. For example, a week or two week cycle.
- Diaries are to be used by **ALL** students to record specific details of all set work. First class can also be used as a planner and to record work.
- Subject teachers, House Mentors and parents need to check diaries regularly to ensure appropriate use and thus help students to develop their time management and other organizational skills.
- It is the subject teachers who will be responsible for setting the work and seeing to it that students comply.
